EXECUTIVE PORTFOLIO

VISION | LEADERSHIP | TRANSFORMATION | IMPACT

LEADERSHIP THAT CONNECTS PEOPLE, NETWORKS AND POSSIBILITIES

From Engineering Foundations to Executive Leadership

Delivering Reliable Networks. Transforming Communities. Creating Sustainaable Value.

PEOPLE Empowered Teams

TECHNOLOGY Connected Infrastructure

OPERATIONS Reliable Performance

TRANSFORMATION Scalable Solutions

COMMUNITIES Impactful Growth

Engr. Obumneme A. Ikechebelu, FNSE, FNIEEE, R.Engr. (COREN), MBA, B.Eng. (IEEE)

Telecom Network Operations & Transformation Leader

1 THE LEADER – MY JOURNEY, MY PURPOSE

"Network reliability is not just a technical outcome. It is a leadership responssibility."

– Engr. Obummeme A. Ikechebelu

My Journey

From electrical engineering and hands-on field operations to leading multi-region network operations and transformation, my journey has been shaped by people, real challenges and a deep commitment to keeping communities connected.

My Purpose

To lead, build and sustain reliable telecom networks that create opportunities, empower people and contribute to stronger

Integrity Always | Excellence in Action | People First | A Sustainable Tomorrow

2 HOW I LEAD – OWNERSHIP IN ACTION

From Challenges to Solutions

I take ownership of complex network operations and transformation programmes, aligning people, technology, vendors and stakeholders to deliver measurable results.

SEE Understand the real need → **FRAME** Analyse options → **ALIGN** Bring the right people together → **EXECUTE** Implement with discipline → **LEARN** Capture lessons and improve

My Leadership Operating Model

Reliable Service • People • Process • Technology • Resilience • Governance

People Develop | Process Improve | Technology Modernise | Resilience Strengthen | Governance Assure

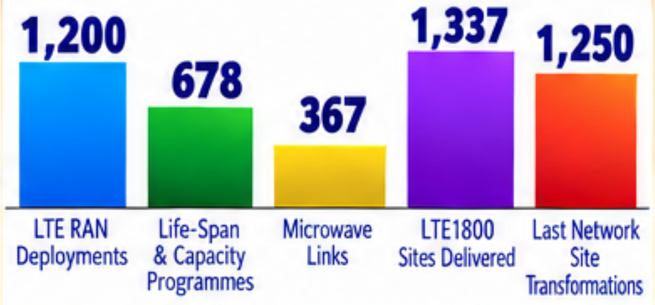

Core Leadership Principles

Consistent Performance | Satisfied Customers | Business Growth

Safety First | Customer Centricity | People Development | Value Creation | Sustainable Impact

3 WHAT I LED – TRANSFORMATION AT SCALE

Selected Transformation Scale (Delivered Workstreams)

KEY OUTCOMES I ACHIEVED

99.99% Network Availability Target | Increased Network Capacity & Throughput | Expanded Coverage | Improved Service Quality | Operational Reliability | Regulatory Compliance

4 PROJECT OUTCOMES & BUSINESS VALUE

Delivered significant improvements in network capacity, throughput, coverage, service quality and operational reliability, achieving regulatory compliance and enhanced customer experience across the network.

36%+ COST SAVINGS

Through disciplined execution, resource optimization and effective operational control.

SIGNIFICANT REVENUE GAINS

Enabled by improved network performance, capacity, coverage, availability and service quality.

"Leadership is not about a title. It is about taking responsibility, creating opportuntiies, and leaving things better than you found them."

– Engr. Obumneme A. Ikechebelu

VISION → SYSTEM THINKING → ALIGNMENT → EXECUTION → LEARNING

TRADEMARK ™

Be the light that serves, transforms, and ignite greatness for generations. | *Obumneme A. Ikechebelu* ©™
